

Z2 Earmuff

Z2 Multi-Position Earmuff - 6201

FEATURES

- 100% PVC-Free
- Cost effective muff features a three position headband
- Sleek, curvy shape and special molded grips make fitting and alignment quick and easy
- NRR 25 Over-the-Head
- Extra wide, plastic headband doesn't twist out of shape
- Replaceable soft foam pads cushion your ears

BENEFITS

GOOD LOOKS AND STYLE

Exclusive and sleek, curvy shape for a look that workers will want to wear.

QUICK AND EASY ALIGNMENT

The special molded grips of the Z2 Multi-Position Earmuffs make fitting and alignment quick and easy. The cup adjustment is infinitely variable, distributing pressure evenly for a comfortable fit. The headband is made of lightweight plastic.

LIMITED WARRANTY IMPORTANT NOTICE TO PURCHASER

This limited warranty is made in lieu of the warranties of merchantability, fitness for particular purposes and all other warranties, express or implied. There are no other warranties which extend beyond the description on the face hereof. The physical standards and specifications of Moldex will be met by products sold. **Exclusive Remedies:** damages for the breach of this limited warranty are limited to the replacement of such quantity of Moldex, products proved to be defectively manufactured. Except as provided above, Moldex shall not be liable or responsible for any loss, damage, or liability, direct, indirect, incidental, special, or consequential, arising out of sale, use, or misuse, or the inability to use products by the user.

! WARNING TO USER

Use this laboratory-derived attenuation data for comparison purposes only. The amount of protection afforded in field use often is significantly lower depending on how the protectors are fitted and worn. Failure to follow all instructions could result in hearing loss or injury. Failure to obtain a proper fit will reduce effectiveness of hearing protectors and could result in hearing loss or injury. Earmuffs must only be used as part of a hearing conservation program that complies with applicable local safety and health regulations. Overprotection can be dangerous. The wearer must be able to hear warning signals. Wearers with hearing loss should exercise extreme caution. It is the employer's responsibility to ensure that the type of hearing protector and its NRR is appropriate for the user in their particular workplace. Failure to follow these warnings could result in serious injury or death.
